OBJECTIVE

Creative and detailed-oriented professional with a strong foundation in Agricultural Economics and a post-graduate diploma in Customer Relationship Management. Proficient in UI/UX design tools such as Figma, and Software Development tools like VsCode and Andriod Studio, with a keen eye for user-centric design principles.

Skilled in writing reusable coding for website and mobile applications using React JS and Dart with Flutter, providing valuable insights to inform design decisions. Eager to leverage my diverse background to create intuitive and visually appealing user experiences that drive engagement and satisfaction. Strong communication and collaboration skills, combined with continuous learning and innovation in the field of UI/UX design, Front-End Web Development and Mobile App Development.
